

Dear Esteemed Member,

Greetings and sincere appreciation for your interest in Vienna Chamber of Commerce (VCOC) membership!

At the heart of our mission is a commitment to nurturing small businesses and entrepreneurs, fostering economic development, and enhancing the overall vitality of our community. Your support plays a pivotal role in making Vienna a welcoming hub for business and tourism.

Events:

Reflecting on the successes of 2023, the Vienna Chamber hosted a series of engaging events throughout the year. From the Annual Awards Banquet to the inaugural Vienna Sausage and Crawfish Festival, we actively participated in community initiatives such as the Trunk or Treat and Christmas Around the Square. Stay updated on our dynamic calendar via our website and [this link](#), where you're invited to submit your own events.

Ribbon Cuttings:

Celebrating the addition of new businesses to the Vienna community remains a priority. Our ribbon-cutting ceremonies not only welcome new enterprises but also generate community awareness, providing them with a platform to thrive.

Welcome Center:

Our Welcome Center, located at the heart of Vienna in the United Country Results Realty & Auction building, is a central point for visitors to access business brochures, city maps, and information about VCOC members. Drop off your promotional materials and, if you have announcements, share them via our welcome center's TV screen by reaching out to us at viennamococ@gmail.com.

Main Street Vienna:

Our ongoing collaboration with the Missouri Main Street Connection organization has empowered us to envision the remarkable potential of our town square. Through this partnership, we've successfully crafted a comprehensive branding strategy for the entire town, poised to captivate and draw in travelers to explore the unique offerings of our local businesses. If you're interested in incorporating this distinctive branding into your business, let us know, and we'll seamlessly integrate it for you.

Furthermore, we've had the privilege of exploring renderings for three key properties surrounding the square. These visuals have allowed us to glimpse the exciting possibilities of a thriving downtown and underscore how aesthetic enhancements can significantly elevate property values. The visualizations showcase not just structures but a vibrant community hub that holds immense appeal.

Beautification Initiatives:

Our grant, dedicated to the creation of charming planters, has blossomed into reality. After strategically relocating these planters from the square to businesses and private spaces along well-traveled routes, we've transformed these areas into showcases of beautiful flowers. The result is not only a more visually appealing environment but also a tangible way to leave a positive impression on passersby, enhancing the overall attractiveness of our town.

Website and Promotion:

All Chamber members are featured on our website's business directory, providing a valuable online resource

for anyone seeking information. We actively promote our community businesses through social media, local newspapers, and our website.
